Saluting Superintendents

Dr. Lynn Fusco

Erie County Association of School Boards Salutes Retiring Superintendents

Thoughts...

- *In retirement, Dr. Fusco would like to take part in all of those things that she has put off for too long, like traveling, gardening, and spending time with her daughters.*
- *A hobby of Dr. Lynn Fusco's is bike riding.*
- *Dr. Lynn Fusco is a graduate of the Maryvale Union Free School District.*

Dr. Lynn Fusco has served as the Erie 1 BOCES District Superintendent for the last 6.5 years. Prior to coming to Erie 1 BOCES, she served as the Superintendent of the Niagara Wheatfield CSD, the Alden CSD, the Director of Curriculum, Instruction, and Personnel for the East Aurora UFSD and her first administrative position serving as principal in the Pembroke CSD. The first teaching job that Dr. Lynn Fusco had was serving as a Parent-Infant Teacher at the United Cerebral Palsy Association of Western New York.

One of the 'Best Moments' of serving as a Superintendent was having the opportunity to hand both of her daughters their diplomas.

Dr. Fusco states that one of her greatest accomplishments in her current Superintendent role at Erie 1 BOCES was the ability to work together to support the Education Community through the COVID Pandemic.

When asked if there was a fondest memory from her days in school, or if she had a favorite teacher/coach/advisor, she stated that "There are far too many memories to pick just one; and too many favorite teachers/coaches/advisors to name just one."

Over the past 40 years, Dr. Lynn Fusco would like to thank everyone whom she has had the pleasure of working with over her career.
