Who We Are

The Erie County Association of School Boards (ECASB) is composed of 31 member school districts whose representatives develop, approve and help implement the goals of the organization. Working together across Erie County, we can provide effective leadership that will assure the best education of our students.

Advocacy

ECASB helps identify priority legislative issues and develops ongoing communications with legislators. As a county organization, we are most effective when working together to present a strong voice. The ECASB president is a voting member of the Erie County Industrial Development Agency. ECASB is represented on the Erie County Coordinating Council on Children and Families, the Tech Prep Consortium, the WNYED ThinkBright Advisory Board and the Committee for Identifying and Developing Educational Leadership (CIDEL).

ECASB also is represented on both the New York State Education Department Chancellor's Advisory Council and the NYSED Commissioner's Advisory Council.

PPPE ...

A new arm of ECASB, called Promoting Partnerships in Public Education, helps member districts identify collaborative efforts that can advance efficiencies, economies and effectiveness in their school districts. Learn more about PPPE at www.ecasb.org.
