AssuredPartners

Why Work with the AssuredPartners Educational Team?

The AssuredPartners hands-on and proactive risk management approach is the foundation of their valued relationships with the school clients they insure.

When you choose to partner with AssuredPartners, one of the key differentiators you will immediately notice is that they spend time with their clients, helping them address their exposures and gaps to prevent adverse outcomes. Their process begins with a dedicated team of risk management consultants and carrier partners performing a detailed campus and operational risk assessment designed to help schools proactively identify emerging risks so they can develop measures to prevent possible incidents and losses.

They then regularly analyze a school’s near-misses and claim frequency and severity, review industry trends, pinpoint new concerns and potential threats, and provide solutions before they lead to loss.

If you are looking for a partner whose emphasis on risk management is the cornerstone of their successful relationships with educational institutions nationwide, look no further than the AssuredPartners Education Insurance team.

Education Insurance Solutions

As a leading broker for some of the top educational institutions across the country, their experience and expertise can help guide your insurance and risk management programs to new levels of excellence.

BUSINESS INSURANCE.

TOP 100
BROKERS OF U.S. BUSINESS
