

PROFILE

PATRICK BOYLE - ECASB Treasurer

"I am very optimistic about this school year. All of our students are resilient and long for the wonderful human interaction and opportunities that school environments provide. All of our districts will be working to adjust to the 'new normal'. Thank you for helping to educate and guide the next generation."

Patrick Boyle, serves on the Frontier Central School Board and is serving in his 11th year. Mr. Boyle has served on the ECASB Executive Board for the previous 5 years. He has served on the Budget and Finance Committee, the Delegate Assembly Committee and the Legislative Committee. Patrick lives by the words of George Washington Carver "How far you go in life depends on your being tender with the young, compassionate with the aged, sympathetic with the striving and tolerant of the weak and the strong, because someday, we will all have been all of these." He ran for the board to promote education and to give back to the community. He encourages children and young adults to obtain as much education (formal & worldly) as possible. His goal is to ensure that those in the community that need special help receive it: the elderly, the financially challenged, and the people with disabilities. Pat has served as Chair of the District's Audit Committee, a member of the Student

Achievement Committee and the Advocacy Committee. Within his district, he has served as the NYSSBA Voting Delegate for the Frontier CSD. In addition to his service to the Board of Education, Patrick is active at St. Peter & Paul Church as a Religious Ed. Teacher, an Usher, and Coffee Hour Social Coordinator. He is a Board member for OLV-Father Baker's in Lackawanna. Patrick has been married to his wife Rebecca for 37 years and has been a resident of Hamburg for 36 years. They have three children, three grandchildren, and an Irish Setter named Fiona. He is recently retired as an Information Technology Professional after close to 40 years working with National Fuel Gas in Williamsville. Patrick has been able to utilize his education not only in his job, but in his work on the Board as he has a Bachelor's of Science degree in Business Administration from SUNY Buffalo.
