## *Debbie Custodi - Amherst Central School District*

Debbie says serving as a District Clerk is like sometimes I'm trying to "keep all the plates spinning at the same time" like performers in variety shows.

Debbie's hero is her grandfather. He exuded resiliency, balance, and a love for family. He also has a very strong faith life that served as an example of how to live my life.

One of Debbie's lifetime goals was to raise her children to have good morals and values. She is proud to say that she is the mom of 3 grown children that are all happy, healthy, the contribute to society in a positive way, so she has accomplished goal number two of her lifetime goals. She enjoys spending time with her family when she is not working because they keep her grounded and smiling. Her third lifetime goal is to enjoy having grandchildren (someday). She feels that her greatest accomplishment thus far in her life is raising her children alone and still being alive to talk about it! The best part of the Amherst Central School District is the truly amazing people. The district cares a great deal about their employees. Everyone is like my second family, and they have treated me very well over the years I have been employed there.
