

Get to Know: **Jessica Reyna**

## BOARD CONNECTION

By Dave Lowrey, Executive Director

### ***PTSA - National PTA School of Excellence***

- **From serving as a Volunteer to serving as a Volunteer. Switching Roles in the Hamburg Central School District.**

Jessica Reyna has a Bachelor of Science Degree from SUNY Brockport. She is a former employee of the Hamburg CSD and a long time volunteer for the Hamburg CSD. She chose to run for the Board of Education so that she could make a positive impact on students and staff across the Hamburg district ensuring that the district has a leadership that engages the community and that the district is on solid financial ground. Serving as an employee of Bank of America, Jessica has a good grasp of financial success. As a volunteer for the Hamburg Central Schools, she volunteered for over 8 years with the PTSA. She founded an elementary running program in Hamburg called Bulldog Run Club. She has coached Boys on the Right Track for over 7 seasons. An organizer, she was active in the village of Hamburg Sesquicentennial in 2024 and has organized two K5 events. She served as an Executive Board Member of the Hamburg Central PTSA, Vice President from 2021-2023 and most recently as President from 2023-2025. Additionally, she has volunteered for various groups and organizations in the community of Hamburg and received a proclamation from the Town of Hamburg for her work on behalf of children within the district/community. Jessica would like to support the new superintendent and to encourage transparency. Additionally, she wants to set an example of getting involved

### **NEW BOARD MEMBER:**

**Jessica Reyna  
Hamburg CSD  
Board of Education Member**

**NEW YORK STATE SCHOOL  
BOARD APPRECIATION  
MONTH DURING OCTOBER.**

### **TRIVIA.....**

Where did Dr. Rick Timbs serve as a Superintendent before serving as the Executive Director of the Statewide School Finance Consortium Email your answers to Sue Summers at [ssummers@e1b.org](mailto:ssummers@e1b.org)

**September 2025 - #3**

and giving back to the students in the hopes that they will do the same and volunteer in the community. When she is not volunteering in the community, she is traveling with her family; partner Robert, and children Greyson, Delaney, Knox, and Beckett.

Jessica indicated that there are so many amazing shops and restaurants to try out in the Hamburg area. Many of the business owners live right in the town and village of Hamburg and give so much back to the community.

Jessica has already proven that she is truly committed to serving the community and is the school district representative for the ECASB Delegate Assembly and Legislative Committee attending both September meetings despite her busy home life.

As far as mentors in Jessica's life, she says that those around her who are selfless in their actions and work hard to make the Hamburg district and community an amazing place for everyone.

### Side Note:

When I attended a Hamburg Board of Education meeting a couple of years ago, I remember a parent standing up and asking for permission from the Board of Education to form a running program for elementary and middle school boys. She was committed back then. That commitment continues to-day.
