

“ ECASB BUSINESS CONNECTIONS ”

Turner

Henry Turner founded Turner Construction Company 120 years ago based on the core values of teamwork, integrity, and commitment. Today, the company’s reach is global and our people uphold its founder’s vision to provide valuable services to clients, build partnerships in the community, and deliver important resources such as schools, hospitals, workplaces, and social and cultural centers.

In 2021, 94% of our project volume was working for repeat clients. With a staff of 10,000 employees, the company completes 1,500 projects each year. Turner offers clients the accessibility and support of a local firm with the stability and resources of a multi-national organization. Our teams continue to set new standards in safety, quality and construction innovation on our projects ranging from small tenant improvements and site upgrades to large stadiums and ground-up buildings.
