

“ ECASB BUSINESS CONNECTIONS ”

GORDON W. JONES ASSOCIATES
ARCHITECTS, P.C.

For over 50 years, Gordon W. Jones Associates Architects, P.C. has developed their reputation in School Architecture by providing both personalized and highly professional services. Guided by the values of honesty and integrity, they have demonstrated the ability to complete successful public school capital projects in over 40 Western New York School Districts. The construction value of successfully completed projects now exceeds one billion dollars.

In order to provide consistency and quality work, the firm limits the number of active clients to an average of fifteen. Given the continuous financial challenges faced by districts, this is a key value to consider when selecting your firm.

Working exclusively in the Western New York K-12 public school sector, their knowledge of state regulations, maximization of building aid and application of the newest technologies will bring value to your projects.

Whether planning for consolidation, reconstructing existing facilities or adding on to your schools, Gordon W. Jones Associates looks forward to providing you with the best available services and enjoyment of the process. Let their team be your team.

PRACTICING
ARCHITECTURE IN
WESTERN NEW YORK
FOR OVER 50 YEARS

1968-PRESENT

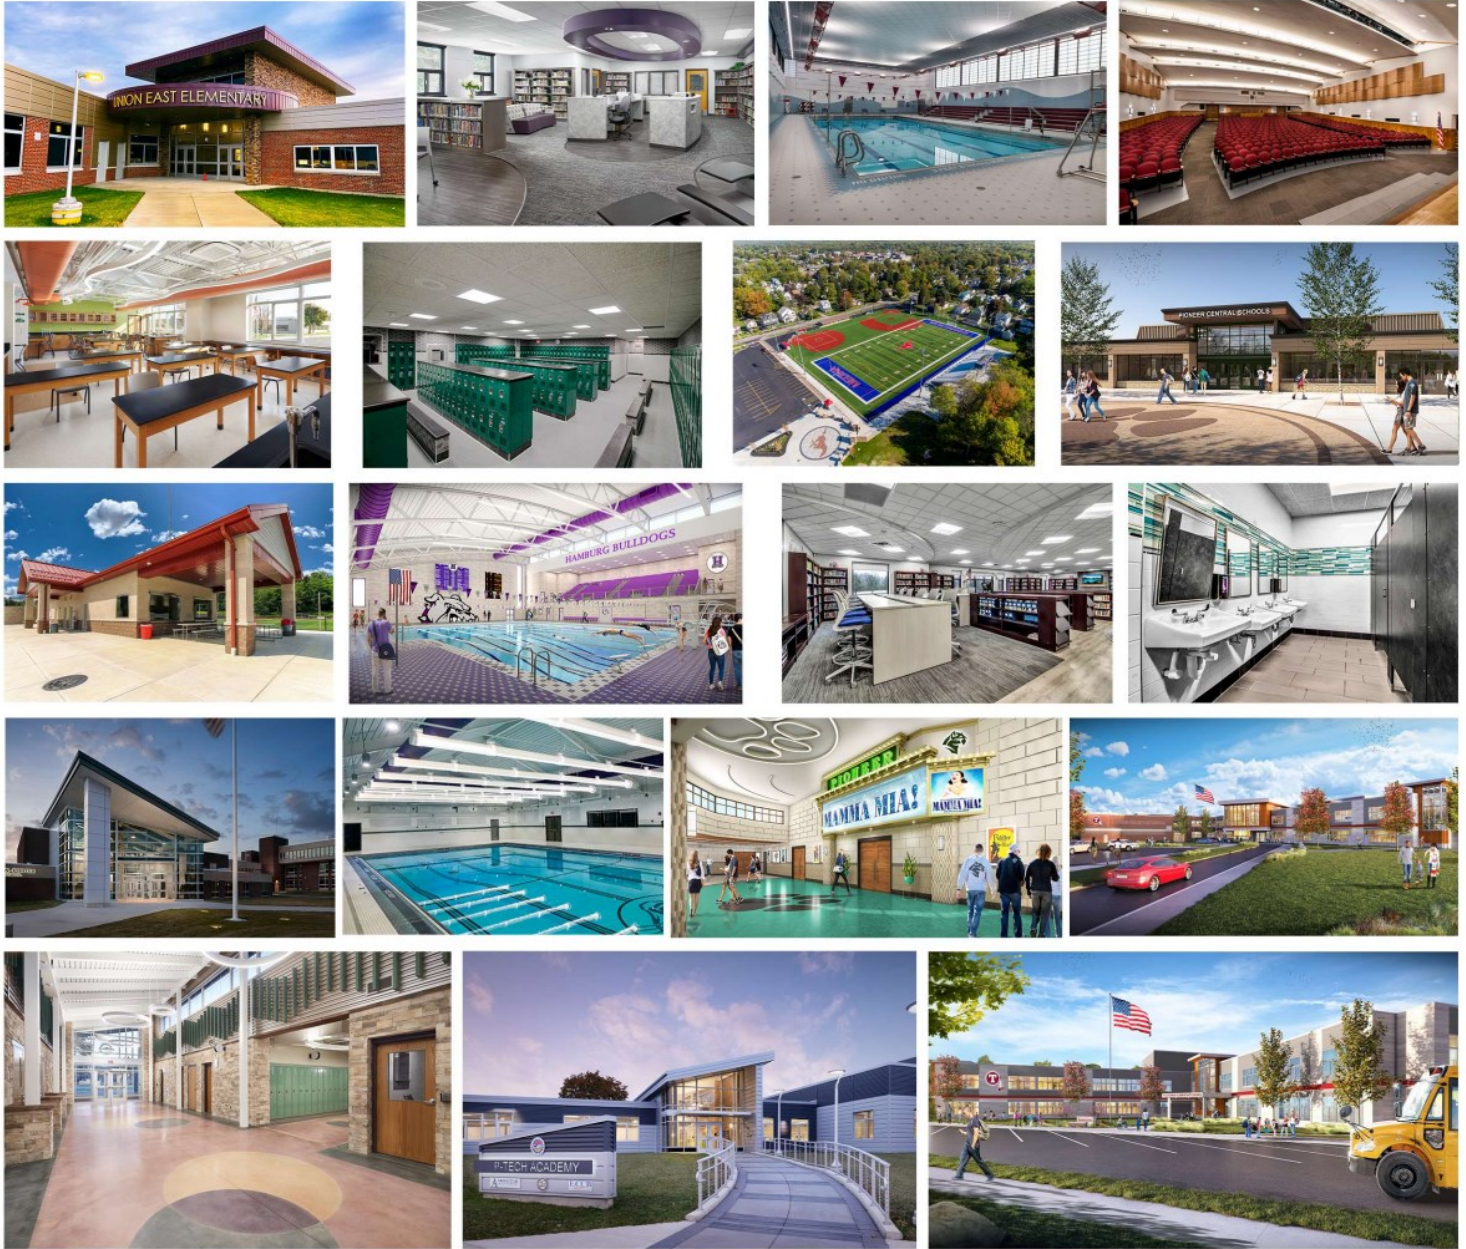

**Michael W. Noga, AIA,
LEED GREEN ASSOC. – Pres-
ident**

On January 1, 2024, Mike became President and Owner of Gordon W. Jones Associates, Architects, P.C. Mike has been actively involved in leading the firm’s capital projects for twenty-four years and has completed projects in over twenty-three public school districts. His reputation for remaining calm and cool in the midst of a capital project’s most difficult challenges provides a level of professionalism that serves their clients well. He is highly regarded for his project innovation and public presentations. As the new owner, Mike continues the Gordon W. Jones legacy with leading the firm under the principles of honesty, commitment, and dedication.
