

Erie County Association of School Boards

“ ECASB BUSINESS CONNECTIONS ”

Founded in 1956 - Their longevity is a testament to the quality of professional services provided.

37 Franklin Street, Suite 100; Buffalo, New York 14202; (716) 883-4400

Trautman Associates provides a full range of services all under one roof. They approach each project as a blend of art, science and technology. Their philosophy is that one size does not fit all. They listen carefully to the client, evaluate their needs, and answer critical questions before designing where they use the right combination of design, solutions, technology, functionality, practicality and cost.

When choosing to work with Trautman Associates, you have access to Architectural Design, Building Systems Engineering, Civil/Structural Engineering, Interior Design, Planning, and Sustainable Design. Trautman Associates utilizes a single point of contact to provide maximum accountability and the most effective communication. The company has access to over 40 professionals with diverse backgrounds. Professionals include licensed architects, professional engineers, seasoned and young designers and emerging technicians.

When choosing Trautman Associates for your architectural needs, you will encounter Space Planning, ADA Design Compliance Review, Construction Administration, Computer Aided Visualization, Building Envelope Design, Site Selection and Feasibility Studies as well as overall Code Compliance.

Contracting through the Building Systems component of Trautman Associates, you will find experts in the areas of Electrical Engineering, Mechanical Engineering, Plumbing Engineering, Fire Protection Engineering , Photovol-

TRAUTMAN ASSOCIATES

ARCHITECTS / ENGINEERS

Above: Several examples of spaces that were designed by Trautman and Associates in Western New York Schools.

Above: With services all under one roof, Trautman Associates is able to handle a variety of school district needs. Examples include a Redesigned Cafeteria, multi purpose fields, exterior work and an updated auditorium.

taic, Wind & Geothermal Engineering as well as Energy Modeling and Utility Optimization where they carefully analyze the clients needs.

In the area of Civil and Structural Engineering, Trautman Associates typically will service 50 site projects annually. They have extensive experience in Surface Water Runoff and Rainwater Harvesting, Pedestrian Pathway Design, Parking Lot Design, Landscape Design, Stormwater Management, Swimming Pool Design, Building Evaluation Studies, Expert Witness Testimony and Forensic Analysis & Investigation.

School Districts in Western New York that have relied on the services of Trautman Associates for years include Barker CSD, the Buffalo Public School District, Eden CSD, Fredonia CSD, Forestville CSD, Franklinville CSD, Frontier CSD, Grand Island CSD, Lancaster CSD, Lewiston Porter CSD, the Lockport City School District, Niagara Wheatfield CSD and the Williamsville CSD.

Because Trautman Associates can provide all services within one company, you have access to Interior Design to assist you with Interior Finish Selection, Fixture and Equipment Specifications, Lighting and Daylight Design, Furniture Selection, Life Cycle Analysis, and Color Palette Design.

Trautman takes the time to fully understand a client's needs. The planning component provides for Master Planning, Environmental Analysis, Code Compliance Review, Cost Estimating, Feasibility Studies, Referendum Assistance, and Building Condition Surveys.

Brad V. Vaillancourt, AIA, SCS, LEED AP serves as the Vice President and Director of Educational Design. Brad has extensive experience in working solely with school districts throughout the Western New York area. Brad can be reached at bvaillancourt@trautmanassociates.com
